Subject: Advertisement for the post of Research Associate-I (No. of Posts: One)

Applications are invited from Indian nationals with excellent academic and research backgrounds for the post of Research Associate-I in a DBT funded project. Details are given below:

Name of the Post	Research Associate-I
No. of Posts	One
Project Title	Identifying novel genetic variants and drug targets for Amyotrophic Lateral Sclerosis (ALS) in Indian population using GenomeIndia data
Period of Appointment	The appointment will be on a purely temporary basis for 11 months, starting as soon as possible.
Remuneration	INR 58,000/- + 27% HRA
Required Qualifications	PhD (awarded or thesis submitted) in Bioinformatics/Computational Biology/Computer Science/Mathematics/Statistics
Essential/Desired Experience	Candidates with prior experience in the following areas will be given preference. • Experience in analyzing high volume of multi-omics data • Experience in developing AI/ML algorithms for analyzing multi-omics data • Experience in handling clinical records/EHR data • Development of bioinformatics tools/databases/web-applications
Age Limit	Not more than 35 years as on the last day of application, relaxations for SC/ST/OBC as per standard government norms.
Selection Procedure	Candidates will be shortlisted for the interview based on their academic records and relevant work experience. Only shortlisted candidates will be notified via email about the online interview date. Please note that merely meeting the eligibility criteria does not guarantee a call for an interview. The PI reserves the right to leave the position vacant if no suitable candidate is found.

Note:

1. Interested candidates meeting the above criteria should fill in the Google form using the following link (https://forms.gle/hBvbcBgbjFtkSRjS6) by **4 December 2026** (incomplete applications will not be evaluated).
2. For any queries in this regard, candidates may write to Dr. Rahul Kumar (Email: rahulk@bt.iith.ac.in).
