

About Department of Civil Engineering

Department of Civil Engineering is focused on both basic and applied research to provide solutions that help drive the future evolution of Civil Engineering (CE). Industry interaction and academic exchanges are integral characteristics of our department.

The Department offers a Bachelor of Technology (B. Tech) program in Civil Engineering, and two-year and three-year Master of Technology with thesis (M. Tech. with thesis) and Self-sponsored M. Tech. programs in Environmental Engineering, Geotechnical Engineering, Hydraulic and Water Resources Engineering, Structural Engineering, and Transportation Engineering. The department also offers a Doctor of Philosophy (Ph.D.) program in five specializations.

CE faculty are committed to delivering knowledge and expertise in a wide spectrum of Civil Engineering and are actively involved with research that caters to societal needs in general.
