Advertisement of Internship Program (ANRF-EEQ SSR)

An application is invited for short-term (up to 2 months) research internship/training under the SERB-EEQ project (SERB-EEQ/BT/F304/2023-24/G667) titled “Biodegradable Polylactic acid – microbial dextran based superabsorbent as sustainable alternative for synthetic nonwoven material”.

Eligibility: Candidate currently pursuing B.Tech/ M.Tech/ M.Sc (course completion must be after April 2026) in Biotechnology/Biochemistry/Chemistry/Polymer Science/Polymer Technology/Polymer Engineering or Equivalent from University/Institution/College and having a strong orientation towards microbial fermentation research may apply.

Duration: up to 2 months (tentatively between July 2025 to September 2025)

Nature of Support: Stipend will be paid at the rates Rs.5000/- per month. Student may be provided with accommodation on a payment basis subject to availability. In case of unavailability of accommodation, the student will have to arrange for their accommodation and meet all other living expenses on their own.

Number of candidates: 01

Last date to apply: July 18, 2025, 5:30 PM

Note:

- I. The applicants should produce a letter of authentication from their Supervisor/ Head of the department/ Head of the institute indicating their association with the Institute and “No Objection Certificate “NOC” for allowing their student to undergo internship.
- II. The supervisor to whom the intern is attached would be assigning tasks/ assignments on which the intern should work and submit the report.
- III. A certificate regarding the completion of the internship shall be issued to the intern by the supervisor on satisfactory completion of the internship and on submission of the internship report. An intern who is not completing the requisite period will not be issued any certificate.

Interested candidates may submit their application online before the due date using the link below:
