

Date: 1st October, 2020

Applications are invited from bright, young candidates for a temporary position of Research Associate in the project entitled “Flexible substrates based wearable nanoelectronic devices for low cost sensing applications”; funded by SERB.

Minimum qualification: Ph.D in Electrical / Electronics/ Chemistry/Materials Science with excellent research record (publications)

Candidates should have sound knowledge of nanomaterials, electrochemistry, fundamentals of semiconductors and electronic devices and/or prior experience in Nanoscience & Technology related projects.

Highlight if you have prior experience in synthesis, characterization of nanomaterials and device fabrication.

Emoluments: 47000 INR per month

Age limit: Maximum 35 years

Duration of the project: 9 months (subsequent extension based on performance)

Shortlisted candidates will be informed over email by 9th October, 2020.

The position is purely temporary, depending on the candidate’s performance, funding availability and up to the duration of the project.

Eligible candidates may send their CV to sbadh@iith.ac.in on/before 8th October, 2020 with the subject title “For the position of Research Associate”.

Shortlisted candidates may have to give a virtual interview on 15th October 2020. No travelling or any other allowances is admissible for attending the interview.
