Sir I Surender Kumar Yadav a former constable who faithfully served the Uttar Pradesh Police from 2011 to 2022 am submitting this RTI application u/s 6(1) 7(1) today with deep pain and anguish. This application is not a mere formal attempt to obtain information, but a pathetic cry of my soul which has been crushed by the system I swore to protect. It is the cry of one whose childrens innocent dreams were ruthlessly shattered the agony of one whose old mother was humiliated and the anger of a citizen whose identity was publicly shredded. In the year 2023 when I and my family were expecting security and dignity of our lives in Government House No. 207 at Reserve Police Line Noida, the lock of our Government House was broken in an inhuman and illegal manner by some police officers and our personal belongings were thrown on the road. It was not just the lock of a house that was broken but it was the lock of the honour of Mother India that was broken it was a direct attack on the dignity honour pride and shaan of a citizen. The ideas of Sardar Vallabhbhai Patel were insulted in which he had envisioned a strong and just nation where the dignity of every citizen is protected. Prior to this outrageous act I was mentally harassed and forced to resign under the pressure of a dubious FIR ... (Please Find the attached application and files)... ..	REQUEST RETURN TO APPLICANT

The scheme, which went into effect on January 14, 2019, provides reservations in central government jobs and educational institutions., based on recommendations from the Sinho Commission. As per this reservation scheme, The important thing is A person or his family income should below 8 Lakhs. That means, A person whose gross salary including all allowance should not exceed 8 lakhs (Rs. 66666.666 per month). But Recent Dr. B R Ambedkar National Institute of Technology, Jalandhar Advertisement for Recruitment of Faculty Posts (Advt. No. 1/2026 to 45/2026). EWS recruitment was observed in the higher cadre levels as per 7th CPC (Assistant Professor Pay Level 12, Associate Professor Pay Level 13A2 and Professor Pay Level 14A). How they created EWS reserved scheme in such a higher cadre level posts? As per the recruitment rules and regulations of NITs, IITs, etc., the candidate who is fit for the above said post will not definitely comes under EWS. Because their income is highly highly impossible within the 8 Lakhs limit. This makes the efforts made for the economically weaker people useless. As of my knowledge, Only two things will happen in this case. First thing, The EWS post will elapse (No EWS candidates will available for such higher cadre posts as per NITs, IITs rules, Definitely candidate income more than the 8 lakhs limit) Then Why they Created EWS in that higher cadre level? Second thing, Fraudulent will happen. Kindly Clarify the clear picture of these kinds of advertisements in National Importance Institutions. Yours Faithfully Dr. K. Aswin	REQUEST DISPOSE OF

Whether a student who has completed a four-year BCA degree (under NEP 2020 structure) is eligible to apply for M.Tech programmes in IITs through GATE or any other recognized process. 2. Copies of any official circulars, notifications, or meeting minutes issued by the Ministry of Education, IIT Council, or other competent authority regarding the implementation of NEP 2020 and its effect on postgraduate technical programme eligibility. Under the Right to Information Act, 2005, I would like to seek the following information: (1) Total number of seats reserved for ST category candidates under the MoE quota for the MDes 2025 admissions. (2) The reason why no ST candidates have been shortlisted or waitlisted under this quota despite the constitutional reservation mandate. (3) The category-wise seat matrix used in the 2025 admission process (GEN, OBC-NCL, EWS, SC, ST, PwD, etc.). (4) Whether any change was made this year in the shortlisting or reservation policy specifically for ST candidates under the MoE quota, and if so, a copy of the official notification or supporting document. (5) Selection and waitlist details of ST candidates under the MoE quota in the 2024 admission cycle for comparison. 249	IITHY/R/T/26/00015	27/01/2026	Respected Sir/Madam, I write this with disappointment and concern regarding the serious mismatch between the UGC NET Ph.D. eligibility regulations and their implementation by Central Universities and IITs. As per the University Grants Commission (Minimum Standards and Procedures for Award of Ph.D. Degree) Regulations, 2022, and Chapter 3, point (f) of the UGC NET Information Bulletin, candidates who have completed a four year/8 semester undergraduate degree with the prescribed marks are explicitly eligible for admission to Ph.D. programs and for the award of JRF (though not for appointment as Assistant Professor). Despite this clearly stated eligibility, the ground reality is starkly contradictory. Central universities such as Banaras Hindu University and the University of Allahabad reject candidates at the document verification stage, citing the absence of a masters degree. Institutions such as IIT (BHU) reject application during interviews, (unofficially stating) that they cannot spoon feed students from diverse academic backgrounds in humanistic studies without having a masters in the concerned discipline This raises a fundamental question: If institutions are unwilling to admit candidates under this category, why was this eligibility criterion introduced at all? At present, the framework allows students to qualify UGC NET legitimately, yet leaves them systematically excluded from admission, creating a situation where qualifying the exam offers no viable academic progression. This is not merely confusing, but also unfair. I am a 4.5 year undergraduate degree holder in Physiotherapy, have completed a one year PG Diploma in Gender Studies from BHU, and have professional experience working in hospitals. I have also completed internships with the United Nations and the Ministry of Social Justice, engaging directly with issues of gender, health, and social policy. My decision to transition into the humanities was deliberate, academically informed, and aligned with the interdisciplinary vision promoted under NEP 2020. I have cleared UGC NET and am eligible for Ph.D. admission, yet: 1. I am rejected in interviews for not holding a Masters degree in Humanities. 2. I am rejected at document verification by Central Universities. 3. I am rejected by IITs due to academic diversity being seen as a liability rather than a strength. This contradiction defeats the very spirit of NEP 2020 and UGC own reforms. While interdisciplinary research is repeatedly encouraged in policy documents and academic discourse, there appears to be no institutional readiness to support it in practice. Academic diversity is being treated as a deficiency rather than an asset. I respectfully seek clear and authoritative clarification on the following: Whether Central Universities and IITs are permitted to override UGC Ph.D. eligibility regulations? If not, then why do central universities still demand a masters degree as mandatory for admission?	REQUEST DISPOSE OF

292	IITHY/R/E/25/00119	16/07/2025	<p>Subject: First Appeal under RTI Act 2005 - Request for Certified Copy of Senate-Approved PhD Coursework Regulation & Objection to Reliance on Non-Regulatory FAQ Document Reference: RTI Application Dated 20-05-2025 - CPIO Response Received on 14-07-2025 Respected Sir This is an appeal under Section 19(1) of the RTI Act 2005 against the response received from the CPIO of IIT Hyderabad regarding my request for the certified Senate-approved regulation governing PhD coursework duration. Grounds for Appeal: 1. Reliance on Non-Statutory FAQ Document Instead of Senate-Approved Regulations The CPIO response refers to an Academic FAQ hosted on Google Docs for enforcing a 12-month or 2-semester coursework rule. However, my RTI request clearly sought a certified copy of the Senate-approved regulation or official notification under Section 2(f) and 2(j) of the RTI Act 2005. An FAQ is only an informal guide and cannot replace official regulations approved by the Senate which is the legally empowered academic body. As per UGC Regulations 2016 and amendments, coursework duration must be approved by a competent academic authority and published formally. 2. Absence of Certified Senate Regulation Mandating 12-Month Timeline The reply does not contain a certified copy of any Senate-approved regulation or resolution that mandates completion of coursework within 12 months before the 61st and 62nd Senate meetings. If such a regulation exists, it should be furnished in certified form as per Section 2(j)(ii) and Section 7(9) of the RTI Act. If no such rule exists, the same must be officially clarified. Appeal Request: I kindly request that the appellate authority: a) Direct the CPIO to provide a certified copy of the Senate-approved PhD regulation mandating 12-month coursework, if available. b) Confirm in writing if no such certified regulation exists as of the date of my RTI application.</p>	REQUEST DISPOSE OF
