

Project for Future Researchers at IITH to Enhance Network
Development with Scholarship of Japan, Phase 2
(FRIENDSHIP 2.0)

IITH-Japan FRIENDSHIP 2.0 Scholarship Application Guidelines for 2023

Project Overview

Japan International Cooperation Agency (JICA) started the FRIENDSHIP 2.0 project in December 2021, following the FRIENDSHIP project and based on the agreement between the Government of India and the Government of Japan. The purpose of the FRIENDSHIP 2.0 project is to establish a sustainable platform for academic and industrial collaborations between India and Japan at IITH, expecting that human resources produced through the platform will continuously contribute to academic and industrial development both in India and Japan.

The FRIENDSHIP 2.0 project now offers **IITH-Japan FRIENDSHIP Scholarship 2.0 for doctoral study at Japanese universities**, exclusively for **graduates from master's programs of IITH in science and technology**. The scholarship aims to establish sustainable academic and industrial research collaborations between India and Japan through promoting joint research, joint supervision, and other joint activities during grantees' doctoral study in Japan as participants of "the JICA Knowledge Co-Creation Program (Long-Term) (hereby after referred to as KCCP).¹"

Availability and Term of Scholarship

The scholarship is available for enrollment from October 2023 to April 2024.

The term of scholarship is three (3) years only for doctoral programs^(Note). No extension is admitted.

(Note) JICA admits an additional 6-month scholarship for research studentship before enrolling as a doctoral student when your prospective supervisor of the Japanese university and your guide at IITH find it necessary for smooth doctoral studies. Consult with them, and indicate whether you wish to enter the doctoral program directly or as a research student in the application form.

A research student must

- prepare for doctoral research under the supervision of his/her expected supervisor of the doctoral program, and
- must pass the entrance examination by the end of March 2023 (for April 2024 enrolment); otherwise, he/she will lose entitlement to the scholarship and need to return to India at the

¹ A program that provides participants with opportunities to pursue higher degrees at Japanese universities. FRIENDSHIP Scholarship 2.0 has its purpose and activities, following the regulations of the JICA KCCP.

end of research studentship. In the case where the participant does not follow this procedure, he/she must waive the airfare for the return flight to India.

Number of Available Scholarships

About 20

Field of Study

Any field of science and technology will be covered; however, priority is those where IITH and Japanese universities have actively collaborated during the FRIENDSHIP program from 2012 to 2020 and those that IITH emphasizes. Preparatory study of the Japanese language is not necessary.

Eligibility

- 1) Nationality: Citizens of the Republic of India;
- 2) Academic Background: Graduates or those who are to graduate by June 2023 from master's programs at IITH in science and technology;
- 3) Health Condition: Mentally and physically sound;
- 4) English Proficiency: Adequate for study in Japan;
- 5) Letter of Acknowledgement by both his/her supervisor at IITH and prospective supervisor^(Note) in Japan

(Note) Applicants need to confirm with the prospective supervisor that the entrance examination is given **online**. The scholarship does not support travel costs for taking an examination in Japan. The scholarship is available only for those who apply for and have obtained admission to one of the doctoral programs or research studentship in science and technology offered by a Japanese university.

- 6) Non-eligibility
 - Those who are military personnel or military civilian employees at the time of their arrival in Japan or during the period of payment of the scholarship
 - Those who are to receive any other scholarship during the period of this scholarship

Financial Assistance Provided

Tuition Fees; Living Allowance; Airfare; Insurance; and other allowances following the regulation of the JICA KCCP.

- Health Certificate from IITH or other medical institutions (issued within one year)
- Copy of Passport (If applicable)

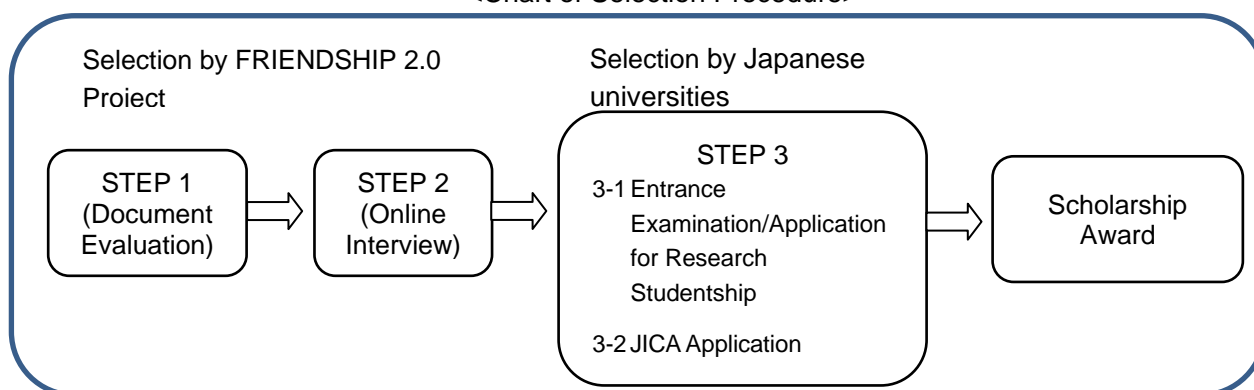

Deadline: 23:59 IST, 16th December 2022

No late/incomplete/handwriting application is acceptable.

Selection Procedures

Selection by FRIENDSHIP 2.0 project includes document evaluation (STEP 1) and interview (STEP 2). Successful applicants of STEP 1 are invited to interview. Final candidates after STEP 2 proceed to STEP 3.

<Chart of Selection Procedure>

Selection Criteria of STEP 1 and 2

- 1) Strong motivation to complete the doctoral program at a Japanese university and thereby contribute to academic and/or industrial research collaboration between India and Japan
- 2) Mutual understanding of the research plan between his/her prospective supervisor in Japan and guide at IITH
- 3) Potential ability to conduct research at Japanese universities, including research experiences with Japanese partners of his/her supervisor at IITH
- 4) Appropriateness of the research field and relevance of the research plan with ongoing and/or planned joint research in terms of establishing sustainable research collaboration with IITH

STEP 1

The FRIENDSHIP 2.0 project selects candidates for the further steps through document evaluation and will notify each applicant of the result by 6th January 2023. Successful applicants should proceed to STEP 2.

STEP 2 (January 2023): Successful applicants of STEP 1

Candidates are invited to an interview session given by the FRIENDSHIP 2.0 project to be held on either 18th, 19th and 20th January 2023. The interview is conducted online. Detailed information will be sent to each candidate via e-mail as necessary. The result of the interview will be notified by 31st January 2023.

STEP 3 (February - May 2023): Successful applicants of STEP 2

3-1 Application for Japanese University

Successful candidates are requested to consult his/her prospective supervisor and submit an official application for admission to a Japanese university, either as a doctoral student or a research student in accordance with the application^(Note).

The application fee is borne by JICA. The applicants are required to reimburse the application fee to JICA if he/she cannot get admission.

Only those who have successfully received an admission certificate to a Japanese university are awarded the scholarship.

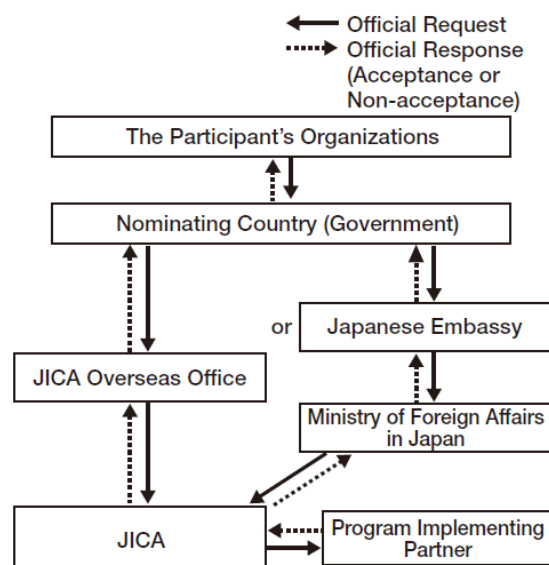

(Note) Withdrawal is accepted only before 17th February 2023, and only in the cases where both his/her supervisor of master's thesis and supervisor-to-be in Japan recognize it inevitable.

Should successful candidates withdraw from the scholarship, those who are on a waiting list will be successful and eligible to apply.

3-2 Application for JICA

In parallel with 3-1, the FRIENDSHIP 2.0 project will notify and request candidates to prepare and submit the JICA Application Form of KCCP². This form will be shared with JICA and the Government of India.

The candidates are required to follow JICA's instructions for preparing for the JICA Application.

² Based on the application, JICA will send an invitation letter, which is necessary for the visa application as a student in Japan.
